MDC² Park Łódź South has a prime location in Central Poland, at the intersection of the A1 Motorway with the National Road No. 91 (and No. 12), approximately 19 km south of the border of the city of Łódź.

Łódź is one of the key regional markets in Poland with ca. 672,000 inhabitants (1.1 million within the agglomeration) providing good access to qualified labour. It is also one of the largest academic centres in Poland, which provides access to a wide pool of talent every year (ca. 72,000 students and 20,000 of graduates).

MDC² Park Łódź South is situated next to Zalando Gluchow Distribution Centre and benefits from direct access to the 'Tuszyn Junction' of the A1 Motorway.

Tuszyn Junction' is the intersection of the A1 Motorway with the National Road No. 91 (and No. 12).

The A1 Motorway is the major North -South transportation route in Poland, located along the international route E75, running from TriCity, to the Polish-Czech border. At the Łódź North junction, north of Łódź, it crosses the A2 Motorway. At the Gliwice-Sosnica junction, it crosses the A4 Motorway, and at the Polish border near Wodzislaw Slaski and the Czech Bohumín it joins the Czech D1 Motorway.

National Road No. 91 runs along a common corridor with National Road No. 12 on a section of 32 km from Piotrkow Trybunalski to Rzgów.

National Road No. 12 runs latitudinally through Poland from the border with Germany to the border with Ukraine.

Owner of the project:

Fortress REIT Limited (Fortress) is a JSE listed Real Estate Investment Trust (REIT) that owns, manages and creates commercial spaces that enable greater growth. We have built a dynamic portfolio through our innovative approach to property development and active asset management. We are currently the largest owner and developer of core, premium-grade logistics real estate in South Africa. In addition, we have European exposure to high-growth economies in the Central and Eastern European market through our investment in NEPI Rockcastle plc and our acquisitions of logistic parks in Poland and Romania. Our core logistics portfolio is complemented by a retail portfolio of over 50 commuter-oriented shopping centres (including co-owned properties).

Development & Leasing:

MDC² is Poland-based logistics and warehousing space developer and management company established in 2021 by seasoned commercial property professionals, Hadley Dean, Jeremy Cordery and Peter Love. The MDC² team currently includes 20 team members. The assembled team of MDC² partners has built over 3 million m² of warehouses over the last 15 years. The company develops, markets and manages sustainable modern logistics buildings in Poland – the 2nd fastest growing logistics market in Europe. MDC² focus is put on the Polish market, on single asset base as well as a strong team with the routes of building and marketing the logistics and warehouse projects for the last 20 years.
